

"See How He Loves Us"

**The leaves are falling ~ one by one
As slips the rays of autumn sun
To return to earth is their direction
Dust to dust, until, perfection.**

**The leaves are falling ~ first to last
The present season soon is past
To return to earth is still their fate
While all creation groans and waits.**

**The flowers too respond to the land
By their Creator's all-wise hand
Can we who watch ever understand
The love of God toward a man?**

Pat Gauvreau, Fall 2011
